This section features information about upcoming events relevant to the readers of AI Matters, including those supported by SIGAI. We would love to hear from you if you are organizing an event and would be interested in cooperating with SIGAI, or if you have announcements relevant to SIGAI. For more information about conference support visit sigai.acm.org/activities/requesting_sponsorship.html.

17th International Conference on Artificial Intelligence and Law (ICAIL'19)

Montreal, Canada, June 17-20, 2019

<https://icaill2019-cyberjustice.com>

The 2019 edition of the International Conference on Artificial Intelligence and Law (ICAIL) will be held at the Cyberjustice Laboratory, University of Montreal. The conference is held biennially under the auspices of the International Association for Artificial Intelligence and Law (IAAIL) and in cooperation with the Association for the Advancement of Artificial Intelligence (AAAI) and the ACM Special Interest Group on Artificial Intelligence (ACM SIGAI). The conference proceedings are published by ACM.

14th International Conference on the Foundations of Digital Games (FDG'19)

San Louis Obispo, CA, August 26-30, 2019

fdg2019.org

Foundations of Digital Games is a major international "big tent" academic conference dedicated to exploring the latest research in all aspects of digital games. FDG is usually held in Europe or North America once a year. FDG 2018 was held in Malmo, Sweden. FDG 2019 is held in cooperation with ACM and ACM SIG AI, SIGGRAPH and SIGCHI.

11th International Conference on Knowledge Discovery, Knowledge Engineering and Knowledge Management (IC3K'19)

Vienna, Austria, September 17-19, 2019

www.ic3k.org

The purpose of IC3K is to bring together researchers, engineers and practitioners on the areas of Knowledge Discovery, Knowledge Engineering and Knowledge Management. IC3K is composed of three co-located conferences, each specialized in at least one of the aforementioned main knowledge areas. IC3K 2019 will be held in conjunction with WEBIST 2019 and IJCCI 2019.

Submission deadline: June 12, 2019

11th International Joint Conference on Computational Intelligence (IJCCI'19)

Vienna, Austria, September 17-19, 2019

<http://www.ijcci.org>

The purpose of IJCCI is to bring together researchers, engineers and practitioners on the areas of Fuzzy Computation, Evolutionary Computation and Neural Computation. IJCCI is composed of three co-located conferences, each specialized in at least one of the aforementioned main knowledge areas. IJCCI 2019 will be held in conjunction with WEBIST 2019 and IC3K 2019.

Submission deadline: June 12, 2019

International Conference on Web Intelligence (WI'19)

Thessaloniki, Greece, October 14-17, 2019

<https://webintelligence2019.com>

Web Intelligence (WI) aims to achieve a multi-disciplinary balance between research advances in the fields of collective intelligence, data science, human-centric computing, knowledge management, and network science. It is committed to addressing research that deepens the understanding of computational, logical, cognitive, physical as well as business and social foundations of the future Web, and enables the development and

application of intelligent technologies. WI '19 features high-quality, original research papers and real-world applications in all theoretical and technological areas that make up the field of WI.

25th International Conference on Intelligent User Interfaces (IUI'20)

Cagliari, Italy, March 17-20, 2020

<https://iui.acm.org/2020/>

ACM IUI 2020 is the 25th annual meeting of the intelligent interfaces community and serves as a premier international forum for reporting outstanding research and development on intelligent user interfaces. ACM IUI is where the Human-Computer Interaction (HCI) community meets the Artificial Intelligence (AI) community. We are also very interested in contributions from related fields, such as psychology, behavioral science, cognitive science, computer graphics, design, the arts.

Submission deadline: 8th October 2019

Michael Rovatsos is the Conference Coordination Officer for ACM SIGAI, and a faculty member at the University of Edinburgh. His research is in multiagent systems and human-friendly AI. Contact him at mrovatso@inf.ed.ac.uk.
