The SIGAI Career Network Conference

ACM's Special Interest Group in AI (SIGAI) announces the second annual SIGAI Career Network Conference (CNC), a meeting that supports early-career scientists in their transition to independent research in academia, industry, or government. CNC includes:

- ▶ **Research presentations** from early career researchers to potential mentors and employers;
- ▶ **A career fair** that showcases diverse career opportunities in academia, government, and industry;
- ▶ **Mentoring opportunities**, including feedback on research statements/presentations and small group discussions;
- ▶ **Brokered events** that match researcher interests with career paths and potential employers.

Join us if you are...

- ▶ A **Ph.D. student or postdoc** on the job market
*Showcase your work
Connect with potential employers*
- ▶ An **employer** with open positions
*Meet the top Ph.D.-level talent in the field
Learn about emerging research areas*
- ▶ A current **Ph.D. student**
*Learn about potential career paths
Get to know your peers*
- ▶ A **recent graduate**
Share your advice and experience
- ▶ **Interested in meeting the next generation of AI researchers!**

CONFERENCE CHAIRS

Samantha Kleinberg (*Stevens Institute of Technology*)
Rafael Frongillo (*University of Colorado Boulder*)

TREASURER

Sanmay Das (*Washington University in Saint Louis*)

MENTORS

David Parkes (*Harvard University*)
Noémie Elhadad (*Columbia University*)
Susan Epstein (*Hunter College, CUNY*)
Carla Brodley (*Northeastern*)
Vasant Honavar (*Penn State*)

IMPORTANT DATES

July 29, 2016: Submissions due
August 12, 2016: Notifications sent
October 19-20, 2016: SIGAI CNC in Boston, MA
